Dear Brian

Either you have been "taken in" by the President or you are complicit in his strategic move to use Book Notes as a pre-emptive strike against any criticism of him in the new year. BOOK NOTES was just an excuse for Bill Clinton to have a platform - unchallenged - to smear talk radio.

Brian, what if Bill Clinton is really guilty of crimes ??? Nobody ever asks that question. All of you who have looked the other way, and not realized that you are giving a Scoundrel

O.B.K

a free platform, are just as guilty!! There is an overwhelming accumulation of Evidence that Bill Clinton is involved in corruption, conflicts of interest, obstruction of justice, <sup>and</sup> abuse of government agencies for his own political purposes. It is so obvious that Kenneth Starr is soon to go public with deserved indictments of those close to Bill Clinton.

The White House is fighting dirty with all its might in <sup>direct</sup> proportion to the threat. You have become a pawn (I hope unwillingly!!) in that fight. I was shocked to see CSPAN be so abused. Sincerely [REDACTED]
