O-W.P. impeach

Gentlemen,

I saw your Program on T.V. C. Span and when I showed "For Impeachment" line, it was being so hence this letter.

I am "For Impeachment" because The President had a sexual relationship which took place in The Oval Office of The White House - Government Property - A Disgrace to This Country's historic birthplace, further, having a sexual encounter with a 21 yr. old Intern is beyond Moral indignity of The Office of The President, The President not only "lied" to The American people but also to a Jury and a Grand Jury as well. Therefore since no one is above The law, he deserves to be punished severely. In The Armed Forces (which he is Commander-in-Chief if the above happens, that person is punished by having to resign or being Thrown out. Again no one is above The law. When perjury is committed is committed that person is failed. We cannot have The Country now under siege that The

laws of The land have to be disregarded so that we
become a lawless Country. Saying to our
Young, its OK to lie is disaster in every
form of Those words.

Very Truly Yours,

P.S. Sexual Harassment suits in the future are in peril
which should concern The Women's Movement if
The President is not Impeached.

P.S.S. The Democrats in Their relentless attack
at Ken Starr did not concern themselves
with questions about Ken Starr's report.
Therefore, confirmed the fact that it was a
personal attack and that all the material
in his Report was True.
