Dear Mr. Lamb:

The media coverage of the recent opening of the Holocaust Museum was rather one-sided. I would like to see you interview, perhaps on the Booknotes program, one of the leading Holocaust revisionist historians. Contrary to popular superstition, there are many respectable scholars who believe that the Holocaust is a hoax. If you doubt this, please read The Hoax of the Twentieth Century by Professor Arthur R. Butz of Northwestern University, or The Leuchter Report by Fred Leuchter. Both of these are in print and available from the Institute for Historical Review in Costa Mesa, California. Come to think of it, Professor Butz and Mr. Leuchter would make excellent guests on C-SPAN.

Yours truly,
