I am very thankful for C-Span. Many people in this country fill me with disgust. Those who make it their life's work to sue everyone they can, actually search for incidents where the possibility exists.

Years ago I was involved in an auto accident. I was not injured and reported this to the Insurance Agent. Some did ask me why I did not claim injuries and sue. My reason was simple, truthfully I was not injured and my

Creed and belief does not
allow me to lie for ulterior
reasons. I have never once
regretted my actions. Maybe
I could have lied and gotten
recompense but the God, to
whom I give my allegiance
would have known.

Next I want this business
about orphanages put to rest.
I am 77 yrs of age and I did
spend the early part of my
life in one. Again I have no
regrets and no apologies. It
was a good life and I am
thankful I got an education.
I also learned the world
and the people in it did
not owe me a living or

anything else and I was
and am totally responsible
for myself. It was a good
lesson. I have never asked
or depended on the tax
payers for my livelihood.

I am sorry that I must
still depend on pen and
paper for communication but
I do not have access to the
cybernet or Gore's highway

If you have managed
to read this far, thank you
