C-Span
400 N. Capital St. N.W.
Suite 155
Washington, D.C. 20001

Gentlemen:

I live in The Falls at Ormond, an adult community off Clyde Harris Blvd. in Ormond Beach, Florida. When my husband and I first moved here over four years ago I started the push in The Falls to get C-Span and succeeded along with great help from residents and management. Today we are over 600 homes - all seniors, retired, many house-bound with lung problems and physical disabilities (my husband among them) and we are looking to find a way to get C-Span II to find out how our Senate operates.

We have Tomoka Cable here

and am wondering what procedure
is now necessary to get access to
this informative C-Span II in our
homes?

We have 36 channels plus or
minus a few which are not operative
and feel perhaps C-Span II could
be put into one of the open + not
used channels.

Please let me hear from
you about our prospects of having
this additional enjoyment in our
supposed "golden years".

Thank you so much!

Sincerely,

002594 JUN 793

Your programs are excellent! One of these
days I must call in for the first time
between 8 AM + 9:30!!
