Dear Mr. Lamb:

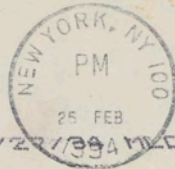

Since I have subscribed to cable television I have always admired your station which I always found very fair, generally giving all sides of a situation. --Till today--. Your coverage of Khalil Mohammed and his outrageous speech at Howard University for two hours a minimum of 2 times I found reprehensible. This is not a free speech issue and the attempts of those involved in his following and some of the media also to couch this as a free speech issue is a travesty of free speech. He is barely on the edge of inciting to riot. The Universities in this country are allowing naive children to form opinions based on ages old Anti-Semitism. It sounds like what the Crusaders used to kill Jews in the Middle Ages and Hitlerism in the worst degree. Of course Mr. Mohammed as well as Mr. Farakhan, who I also assume you will give gavel to gavel coverage to, admire him. Of course, if anything is said even half way anti-Black they scream racism and the media cow-tows. Michael Jackson-racism. Mike Tyson-racism. Change the welfare system-racism. The idea of you covering this man I guess to show how ridiculous he is can only backfire with many ignorant people who know nothing of history. Of course if enough complaints come into you, they will say it is the Jews trying to control the media but is Ted Turner Jewish? Is General Electric Jewish? is Capital Cities Jewish? Is Rupert Murdoch Jewish? We are a population of less than 3% in this country but then again in Germany in the 30's we were only 1% and if people are too successful they are hated. These men are dangerous and there are too many dumb people in this country and especially the Universities to distinguish between the truth and bald faced lies. We all know that if you tell a big enough lie, everyone will believe it so if you carried this as informational you are wrong.

Sincerely,

New York, N.Y. 10011
