Thanks for the "Profiles of
analysts" shown over the weekend.
Unfortunately I only caught part
of the interviews - Murray Kempton,
Godfrey Spelling & Charlayne
Hunter-Gault. I was very

happy to see Ms. Hunter-Cault
on the screen - not only is she
charming but also highly intelligent
& honest. Wish more journalists
were like her.

As a "C-span junkie", I wish to
thank you for a first hand look at
the inanities of our politicians, Brian
Jacob's model of good interviewing etc
etc Long may you survive, [REDACTED]
