C-Span:

I would like to subscribe to a guide that lists programming for C-Span I + C-Span II.

If such a guide is available, please send order form & prices and an order will follow.

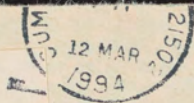

Yours sincerely,

LaVale, Md. 21508

PS: Love C-span - I am retired now and it fills up to 6 hours daily of viewing time. Hope the new C-span bus proves to be a good decision.
