Dear Sis:

It makes me sick and very
upset to hear Americans get on
T.V. and talk against our country
and our Government officials. To
begin with our President knows
what's going on and what they can do
about it. He's elected to lead our
country and protect it - Any one
with a brain in their ^{head} knows that
dope is ruining this country, in
a few more years, our people will
not have brains enough to even
think about fighting and protecting
our people & holdings, whenever we
have them, their I. Q. would be
so low they would not even be
able to ever think straight. Be
sides their health being ruined.
We should prosecute and electrocute
anyone that has anything to do
with bringing dope of any kind into
this country or any other. They do
everything on earth to make Americans

suffer or die in most all other countries but every time we punish any foreigner in any way we get hell from it - even from our own citizens. I myself and lots more I hear talk around, believe Bush done right. We had to take lives, but lives of some Americans has been taken too - But if some lives aren't lost, in time we will loose most of 260,000,000 Americans. So lets fight to keep dogs out & when they kill our Priests, Missionaries, officials or any American, lets fight them back. I'm a woman, & you old but I'm ready to do what I can and all men in my family, that I have shared any thing about since ^{the} Spanish American war has been in the Army and the War. I believe every one of them were proud to fight for freedom & what they believed in. Bush is the President he knows what to do - these arm

Chair Presidents sitting at home
criticizing, don't know what's going
on & what to do - They aren't sitting
in the Oval Office. I have all
respect and praise for Dan Quayle
but I don't like to hear the media
criticizing him all the time & people
criticizing too - But that's America
we can criticize and get by with
it - I just now heard on the news
"we're losing the battle on drugs."
Well it's time for America to
win the battle on drugs.

Thanks for reading, I had to get
it off my chest. No matter if a
Democrat or Republican President is
in office, he's my President and
I'm for him.

Yours,

Harrisburg, IL

I have retired Army officers men
in my family also a young nephew, who

is a Doctor and served 6 years in
the service and they don't complain
about being in service or fighting
in the Army.
