Dear Cable Company,

We in Westminster are your captive audience -- we have no choice --YOU make our choice.

We read your "important Information" letter in our last bill and are outraged that the one channel that informed the public regarding the activities and workings our our Federal government had been discontinued on a daily basis.

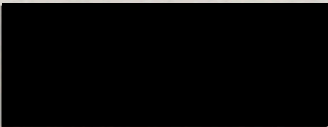

C-SPAN is one of the few non-bias presentations made on TV these days. Why in heavens name would you discontinue its daily broadcast? We want to know how our representative in Washington are voting and making decision which will influence our future but YOU HAVE CHOSEN TO TAKE THIS AWAY FROM US. Don't tell us you had no choice -- we don't buy that!

Each month we pay for approximately 35 channels -- now -- with six forgeign language channels our choice has been further diluted!

Your commitment to provide us with the BEST CABLE TV SERVICE & PROGRAMMING POSSIBLE -- is laughable -- the "best" is YOUR CHOICE of what is best, certainly not OUR CHOICE .

We hope enough people in our area will be unhappy with the current programming, --and let your know they are unhappy -- that you will hear our voices -- and return to programming that will contribute to an informed population.

BRING BACK C-SPAN ON A DAILY -- ALL DAY -- BASIS
