

Dear C-SPAN,

12.30-89

I would appreciate your considering the addition of the current date to your upcoming segments. For example, when you have "Next on C-span" a live interview with a guest, it would be helpful to ~~say~~ put the date under "next on C-span".

This would be very helpful in footnoting the material for future reference or research.

Tagging or dating the live programs would add a dimension that is needed.

Thanks for the interviews of late ~~Mr~~ **Nike** John Stockwell &

Larry Birns who question the premise on which we proceed. Happy
