

unblemished. My theory is that early on,
Hillary was setting her footing + establishing
her own reputation as a whiz kid^r planned
Then^{to} dump Bill, to pay him for the
humiliation he caused her + sail on
to rule us all. The best made plans etc -

Comment Hillary vs Mrs. Clinton

At the outset of the administration
Mrs. Clinton seemed to want to be her
own persona thus distancing herself from
the name Clinton - perhaps with the idea
of paving her own future, sans Bill.

You check the early interviews + health
care talks - she was referred to only as
Hillary, not the First Lady or Mrs. Clinton.

These titles ~~this is~~ recent - very recent since you
know what hit the fan - perhaps to deflect
blame from Hillary who would remain
