Dear Mr. Scully,

Let me add my **CONGRATULATIONS!** to the many regarding your shows on Rhodes scholars. I can't remember enjoying such consistently interesting TV! Everything about it: the interviews, students, call-ins, sightseeing, library tour - it's all made for good watching. And, your own personality wears extremely well on television: clear, positive and fair.

I would love seeing more shows like this. You did a terrific job (the research was wonderful) and you have my thanks.

Sincerely,
