

6/7/92 Dear Mr Lamb. This morning, for two hours
Ann Colter confirmed the assertion that females
are the most virulent of the species. As a faithful
listener (and admirer) of GSPAN since it began, and
as a woman, I found her unbearably offensive.
She and Bob Downey, regardless of one's political
persuasion, degrade and debase the political
discourse. I am very sad that the GSPAN respected
and admired, chose to offer its forum to such a per-
son. Sincerely [redacted]
