Dear Sir:

We are writing to thank C-Span for the great coverage of the Republican Convention. We get so tired of the major networks coverage when reporters continually interrupt a speaker to talk & give their opinions. Your coverage allows all Americans to watch it all & form our own opinions. We thank you for that so much.

Sometimes we miss something & we can later watch it. You have added such a service & TV choice to us viewers. We watched the Democratic Convention also & it frightens me if Clinton does win - he's so liberal wanting more programs & higher taxes & to decrease on military plus cheap murder - abortion - your coverage was great!

Keep up the great job of covering such important news events. We enjoy the call-in programs also.

Sincerely,
