Dear C-Span

Doesn't anyone that appears on your programs, or call-ins, say any thing nice about President Clinton?

As a liberal Democrat, and very proud of it, I can't afford to call your programs and voice my opinion. It's the Republicans who have the money to make the calls, as almost all of them are made by Republicans. I am also a senior citizen on social security. I am afraid that I won't have that too long with the Republicans taking every thing over.

Another thing, I am so tired of people calling in repeating every thing that Rush Limbaugh says. If I wanted to hear him, I would turn him on instead of watching C-Span. Can't you screen some of these calls? They are so boring!

Also, you have shown Waco, Whitewater, Perot, the Straw Vote in Iowa so many times. They had a Democrat Meeting in New Orleans, and you had it on one time.

You all should feel real good about yourselves. You have made

one of the biggest contributions
in destroying one of the best
presidents that we have ever
had. I won't live to see it,
but history will say that
President William Jefferson Clinton
was one of the best.

Sincerely,

Newark,
