Gentlemen:

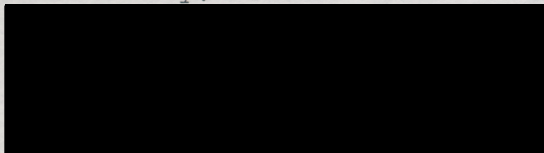

The classical music that you play on C-SPAN 2 is absolutely beautiful. Sometimes it is even better than what is being played out in the Senate (No April Fool!).

Why don't you show the name and composer of the selection on the screen as they do on MTV? This would enable a devoted listener--and viewer--to purchase the music if he or she does not already have it in his or her collection.

I also would like to know how I may obtain a program guide to your two stations for my husband. He is a C-SPAN 1 & 2 addict.

Many thanks.

Sincerely,

New City, NY 10956
