Sir:

I was watching your program last Sat. 3-26-94 and from your answer to a question I realized the Cable Companies are paying your company. I've only had the set up so I could get C-Span for a few months and I thought I was going to enjoy it -I watched The House in Session some but could do with out a lot of what goes on there. So I watched your schedules and started watching other programs.

Well all I've heard day after day is White Water and Bashing Pres. Clinton and Hilary. On this program the 26th a lady called in and told you so nicely what you are doing to the Clintons and why we voted for him to make changes and he should be allowed to do those things. You got pretty shook up-wish you could have seen your face. Duffy sat there raving because Clinton couldn't remember details on something 16 years ago. Then some one called in and asked why they hadn't looked into something about the Bush's. He hummed and hawed and said well I did check on it but I can't remember --its been 3 years he said. Can't you see how stupid all this is.

My God people Clinton has done so much in a year and three months-in spite of all the road blocks and reporters on him like blood hounds. We people that voted for him want him to do what he's doing-we could care less what he did 16 or 17 years ago.

Where in hell were these wonderful watch dogs when Reagan was breaking all the laws of the land and North was carrying his dirty work out in the basement??? That has done so much more to ruin our country than anything Clinton could have done as a young man.

I've heard so many dumb people say he only got 43% of the vote. Well what other Democrat has had to battle against two Republicans. And the Texas Gal made some remark about Clinton going on Larry King-Well how the hell does she think Perot made his bid -never heard anybody ask him if he was a Veteran or how he made his money. Come on!!!!

And why don't they watch the Congressmen that take money from the Lobbyists -Japan etc and then don't vote the way they should.

I'm 79 years old and have been interested in politics since Roosevelt days and I've never seen anything this dirty before. I intend to contact Falcon Calbe and tell them I do not want to get C-Span any more.

*Sincerely*
