I wanted to be sure that your editorial writers had a copy of this just-completed survey of C-SPAN's nationwide audience. It shows that millions of Americans are regularly tuning in to watch uncut views of their government in action. C-SPAN viewers are also an informed and involved group--they spend 50 per cent more time reading newspapers than cable subscribers who don't watch our network and 93 per cent of them voted in the November elections.

If you have any questions, please feel free to contact me at (202) 737-3220.
