C-span —

Why not more women
Correspondents on your Morning
Call in programs?

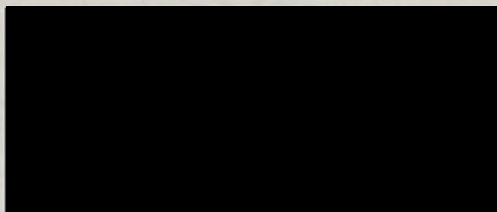

Why not Correspondents
from the wire services and
CNN.

Watching your program
this morning — you have a
Correspondent from Time who
works out of the State Dept.

How about giving us
more insight into foreign policy
and giveaways by the U.S.

by having some of the
Correspondents who travel
with Baker on the show?

Thanks,
