Bosnia-Herzegovina/Selective Patriotism:

The decision for U.S. military departure to Bosnia-Herzegovina is for the powers to be.

Before American men/women from the middle class are ask to be combative and die on foreign shores the former " Hell No I Want Go " gangs from yesteryear should provide first blood.

We should first draft the sons/daughters of the policy makers:

Executive: Clinton-Reich-Stephanopoulos
Senate: Biden-Lieberman-Rockefeller
House: Dellums-Schroeder-Fazio
Viewer: Koppel-Gumbel-Arnett
Print: All Editors/

Poor Mans War-again!

Sincerely,

LV KS 66048
