Dear Brian:

Enjoyed visiting with you last week, and I appreciate your counsel on an appropriate location for my luncheon on April 29. I have reserved The Jefferson Hotel, and when I mentioned to the catering manager of your recommendation, I could detect more interest in giving us special attention.

Enclosed is the article regarding my high school classmate and the founder of C-SPAN, which I thought you might enjoy seeing...although you probably already have. What a great article!

Also enclosed are parts of the Sunday, April 1, Journal and Courier. After 30+ years of broad community support, Railroad Relocation has been successfully completed. I had the pleasure of riding on the last ceremonial train to traverse the Norfolk Southern route Friday evening, followed by a gala celebration and dinner. What an incredible day in the history of the greater Lafayette community.

and I miss seeing you. Please let us know when your travels bring you to Indiana or Florida...sorry we missed you in February.

Sincerely,
