C. Spow
444 Capital Bldg., N.W.
Washington, D.C.

Gentlemen:

A few days ago while watching C. Spow I got in on a lecture being given to students at George Washington University by Mr. Hagt Murray. It was very interesting to me but I missed quite a bit of it; this has caused me to inquire if you could give me Mr. Murray's address.

As 88 I still have a great deal of interest in many of the programs put on by C. Spow - the sessions of the House of Representatives, hearings before various Committees of the Congress and the addresses made by various people to the National Press Club. In fact, I think it is only one of two or three programs worth listening to.

Sincerely
