Dear C-SPAN,

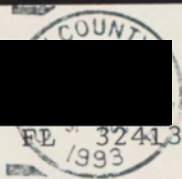

002594 SEP 12 1993

I was not a bit impressed with Ron Brown's speech on NAFTA on 8-23-93. I would love to send him a one-way ticket to Mexico, and have him work at one of those American factories for 58¢ an hour. Those same factories used to be in our country, supporting our citizens, now our people are sitting on park benches with unemployment checks, waiting for the govt. to "retrain" them. What an insult to our intelligence. The only people that need retrained are people like Ron Brown and Mikey Kantor. This NAFTA is selling out the country and betraying the American people. God Help us if this "treaty from hell" becomes the law of the land. Thank-you C-SPAN for the interview you televised on Ross Perot. It was excellent!! You all do a great job.
