Dear Brian

I am an ardent fan of C-SPAN especially when you are the moderator, I feel you do a much better job of it than the other hosts, whose names I don't even remember, I am also a fan of talk radio and find your morning call-in shows present the same opportunity for people to express their feelings on all issues. with the advantage of seeing you and your guests.

I am a regular listener & watcher
of Rush and find your program
like his but with a variety of opinions.

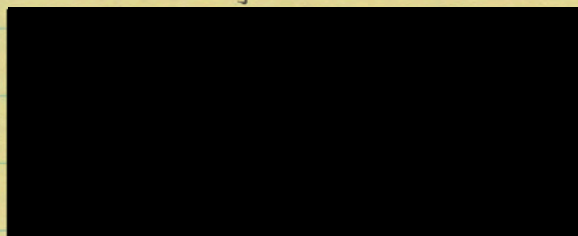

While I'm writing this I'd
like to suggest some changes (as I
would like) for C-SPAN.

1. The music you play while the
House votes on issues is the
God awfullest I've heard.
Why not some nice FM
instrumentals?
2. How about an 800 number
for C-SPAN? If I call from
Florida and have to wait to
~~get~~ get on the air my
phone bill grows rapidly.
3. Your extended coverage of

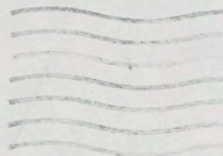

Mourners filing past Pres.
Nixon's coffin was, I feel,
very uninteresting and
informative.

~~Keep~~ up the great work.
C-SPAN's education of the public
thru your stations variety of
program topics demonstrates the real
value of TV.

Sincerely
