

Other govt agencies, has gotten totally
out of hand -

to allow Kriz, unchallenged,
to give her obviously biased views, + to
allow other agency heads (whose interests
do they care about??), a free 10-15 min.
platform to allow fox to guard hen-
house! Who's responsible for this truly
stupid + irrespons. decision? Time to have
breakfast or make up the bed - I won't watch
these segmts - /YS. [redacted]
