

I am writing about the March 8th program in which Mr. Scully was supposedly the moderator.

It was a very poorly conducted program - it allowed a very unfair division of time to the participants. It was obviously a very biased program in favor of the Chicago Democrat.

I am really sorry this happened. I am a daily watcher of C-Span - and have looked forward to an honest "give and take" in the discussions. I am not a "soap opera" person - I won't be watching in the future with a stop watch in my hand judging "even time" to the participants, but my mind will involuntarily in the future. It will not be so pleasant.
