

A - Ann Pro

8/23/99

Mr. Brian Lamb  
Several weeks ago I wrote to C-Span  
as I had watched the show when  
Ulysses S. Grant was on (Great Grand  
Son was being interviewed and a  
History professor. About 30 years ago  
I was given a letter, that my ex  
father gave me. He said it was  
a letter from President Grant to an  
other Civil War General. I put  
it away in an envelope in a  
drawer for it was quite crumpled  
from being folded. I simply forgot  
the letter until 30 years later  
my 2 sons were in Viet Nam  
and a terrible time in my life.  
I came across the envelope by  
accident and I realized that I  
might have a valuable document  
but, it was in such a delicate  
condition that I gave it to my  
son, to whom his Grandfather  
meant it for. Its locked in his

safe, and, he doesn't want anyone  
to handle the letter unless they are  
reliable. My maiden name is  
[redacted] My father's name  
was [redacted] He

was born in <sup>in 1888</sup> Nova Lata Texas  
and left home when he was 13,  
I have tried desperately to learn of  
his past, even my mother didn't  
know very little. But he was  
the most wonderful father, and  
I know the Courthouse was  
burned down, and could give  
me no information. I listened to  
the President's great grandson and  
I sat down and wrote a  
letter to C. Span, asking to contact  
the man who was on, but, I'm  
very upset that I have not  
had the courtesy of a reply from  
C. Span, regarding this matter.  
My son had a paper (letter) that  
my ex father in law swore to  
be a true letter from President  
Grant. May I please have the  
courtesy of a reply from C. Span

that you have sent this letter on  
to President Grants Great grandson  
I have problems with the  
silence of a reply from a span  
since I am an avid watcher  
of your station. I especially love  
the shows of the presidents. That's  
why I was so elated at the  
Ulysses S. Grants show. And again  
I'm writing to please not ignore  
this important plea to send  
my letter onto the Great grandson.  
I am disappointed that I have  
to write a second time, because  
its important that President  
Grants Decendent can counsel  
me on the letter. Thank you  
The letter is  
so delicate  
and creased, the Canoga Park Ca  
will not let it  
be examined by  
just anyone.
