

Dear Brian Lamb;

Dec 3 1993

I used to love Journalist Round table on Fri Mornings - BUT - lately it is so boring. Today's group will prove my point. NPR middle of the road - give me a break!! Wash Post middle of the road? Since when? If it quacks like a duck - waddles like a duck - IT MUST BE A DUCK. I don't care if you have liberals on Roundtable - You should but week after week of liberals is more patience ~~tho~~ for me to muster. I almost didn't watch today but I was curious about their reaction to Limbaugh VS Pentagon. Mr Lamb you are great interviewer.

Keep up good work
