Re: C-Span-any threat to C-Span
in San Francisco Bay area?

You did say, Brian-that some
cable channels would no longer carry
C-Span, right?

In this area, if C-Span was
dropped by cable, Channel 25 here,
demonstrating throngs in the streets
would be difficult to control.

Any threat, Brian - to C-Span
in this area? My feeling are intense.
What shall I/we do? I will not accept
your leaving this area.

You take care of yourself.
