Dear Mr. Lamb -

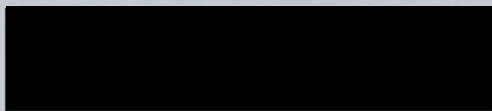

In view of the interest expressed by many of your viewers in the "October Surprise", and that the author of the Newsweek cover story on the subject has appeared on your morning call-in show, I would like to urge you strongly to invite Christopher Hitchens to appear. As you probably know Mr. Hitchens wrote a piece in the Nation of Dec. 2, 1991, which responds to the dismissal of the "October Surprise" idea in both Newsweek and the New Republic.

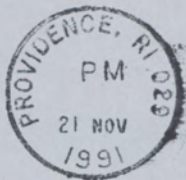

Thanks for carrying the hearings

which I am watching with interest.

Keep up your good work -

Sincerely Yours

Mr. Brian Lamb
