

Dear Sir:

001615 FEB 18 91

A couple of weeks ago, you read a letter over the air from an individual from Milano Italy. Is it possible to get a copy of his comments (minus the individual name + address of course) I thought it was one of the most concise statements on the responsibility of the press and of the military.

Your coverage of the Gulf war has been fair and you have done a service to the concept and practice of a free press.

Thanks,
