C-Span,

I know, it's Halloween BUT, let's not be carried away.

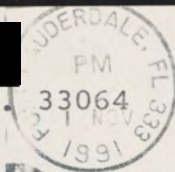

I refer to the "person"(?) sitting on Dan Quayle's right. With the possible exception of Eleanor (food stamp) Roosevelt, She has to be the UGLIEST white woman in the modern world.

I do enjoy hearing the politicians cussing each other out. If they ever find the guy who "leaked" the FBI report they should treat him to a formal White House dinner.
