

Oct. 4th 1993

Dear Brian Lamb.

Thank you so much for the choice of your Guests you had today October 4th, my 78th Birthday. Both Marianne Means, Hearst News Paper Columnist and Ben Watenburg, Syndicated Columnist - both strong in their convictions - Marianne held her own on President Clinton and Hillary - she is the first guest you have had since the election in 1992 that has actually gave the Clintons some Credit in Our Presidents first 8 months in the White House - I remember what Ronald Reagan did in his first 6 months "Fired thousands of Air Controllers - broke their Labor Union and Our Airline Industry has gone down hill ever since - Reagan's Goal Destroy All Labor Unions - then shortly after he, Ronald Reagan, foreclosed on all Family Farms - he couldn't forgive not one loan - but Foreign Countries was a different story. Tell Marianne Thank you from [redacted] in Liberty Mo. She is the first

Least you have had is broad minded (give
the Clintons a chance - they surely won't get
us in any more debt than Reagan and Bush
did - Marianne believes in Individual Fairness
Ben Waterbury (who is Pro Republican - Pro
Business - and would like to bring back
the Business Serogues of the 1920's and
1930's before NDR saw the need to
give the hourly worker a go between - a
Labor Union to get fairness in Job Security,
Fair Wage and Fair Work Week - Ben
~~Ben~~ Waterbury is a single minded Pro Business -
Anti worker - Anti Black - Anti Individual
Fairness - if he had his way - all our
Presidents would be Republicans and strong
on strong armed Law in Black Communities
arrest and put them in Prison and throw
away the key - he liked the LA Police
Chief and his gang of Police Brutality - I
am a White Widow - people like Ben
Waterbury is going to cause a second Civil
War.

Thank you again Mr. Lamb - for the
first time in almost a year, I watched some
October 4th show thro its entirety - never
