C-SPAN
as I viewed your Call-In Program on
22 June 90, and as usual the same old
Song, But, with the same beat and tone.
I realized how easy it is to get a Black
Journalist that have been brain washed
by the white Journalists Mostly White Male
example, just because Mondell's Skin is
not white, He was cast as a Communist, oh yes
as you know the Calls was a white Bigot as
C-SPAN, But the Moderator never Called on
any of the Journalist as guess to Commentator
such a degrading untrue outreagous statement
nor did any of these Journalist address such
a Significant statement as for as the World
Condon One would think that a Black Journalist
would force a statement on such a Bigotry-
statement But the Black or non white Bigot
for the white Journalist Sucks C-SPAN's
It is a Shame on humanity. [redacted]
