

TV says "Republican Policies"

Nov. 7, 1994

It appears to me that it's to trash the Democrats! Perhaps I missed positive plans - out of the room for 2 min. - except to get the power - and beat the opposition.

Kristol & MESTRUFF - not very high-level speech "y'know", "G'dm st" - all may have their place - but only sparsely as emphasis - "God" which they use - are not used with reverence or respect - seems an absence of high level thinking.

And - why are they all so gravely-right now ~~grave~~ Kristol - as tho they are being very casual indeed

Of course, I may find the Dem's are similar. "Shades of me would have said" ~~A p x m~~ ~~both~~ their houses.
