Dear C-SPAN,

I'm not given to superlatives
any more than the average person,
but your series on the 41 U.S.
Presidents was spectacular.

I could say that Brian
and Susan and Connie were great,
but I suspect it was a great
group effort.

Please accept my compliments.

In a way, it's the easy road to knowledge when compared to the equivalent amount of reading required to get to the same place intellectually.

Congratulations C-SPAN!
