

C Span 2 staff and management: You people preen yourselves and pour out your propaganda about being an "intellectual" outfit, but the more of your stuff I watch, and the more I hear from your "erudite" personnel, guests, audiences, etc.--the more contemptibly ignorant and tunnel-visioned you all (ALL) prove to be. God forbid you focus on and honest thought: You'd end up unemployed.

Tonight you've got on one Tony Horvitz and Carrie McCray discussing with an emcee the confederate flag and slavery, and Mr. Horvitz professes confusion about the dedication to that Southern Banner and permission to even show it since the south lost that war. What a weird and bigoted notion IN OUR USA--for the flag was an honorable rallying point for people who wanted to have their OWN nation here and not be ruled by the economic concepts of the northern states. Horvitz sees that as bad; Blacks see that as "Unacceptable", "American" mass media takes THAT SIDE and relates the Confederate flag with "hate", "racism" etc.

And yet just days ago, when a comedy act for a TV program resulted in the Puerto Rican flag being burned and stomped, it was railed about, the politicians of theirs AND OURS IN D.C. made a hellish STINK--although far, far worse desecrations of the U.S.

flag, out of brute hate and malice were ruled "freedom of speech" by the Supreme Court! I guarantee you all this fact: IF IF anyone, ANYONE! were to burn an Israeli flag openly in the U.S., on one or another trumped-up excuse, that person'd spend a hell of a long sentence in jail, at least. Possibly lose his/her U.S. citizenship and go on trial as a "war criminal".

2: It was beyond belief that so-called "educated" people could discuss the "slavery" issue and believe that ONLY the United States ever held slaves! EVERY Y--EVERY PEOPLE, EVERY RACE ON THIS EARTH HAS HELD SLAVES; the SLAVES IN THE U.S. WERE SOLD BY BLACK AFRICANS WHO USED EACH OTHER AS SLAVES...AND STILL DO TO THIS DAY.

3. You and at least Horwitz are huckstering "HATE WHITES"! openly and for profit.
