Dear Sir:

C-Span takes pride on being fair and objective. If so, why did the C-Span bus visited only Republican Presidential Libraries but not one single Democratic Presidential Library?

Why is it that you are silent on the Iran-Contra report? You did not have a report or guests on this subject. Two presidents and their staffs were involved in this scam. One of them will be running for the Senate. This scam cost the taxpayers billions of dollars--Whitewater is a drop in the bucket.

On your C-Span bus in Arkansas, several callers inquired about Whitewater (Brian Lamb's favorite subject) and the Iran-Contra report. I suggest that you have a program on the Iran-Contra report and have as your guest Peter Kornbluh (sp) who is with the National Security Archive.

You bashed President Clinton on Whitewater, day and night, while he was attending his mother's funeral and while he was in Europe. I can't understand C-Span's lack of decency and compassion for someone who was going through a rough time. Even Ross <sup>commented</sup> on this during your interview with him.
