Dear Brian:

May 16, 1994

C-SPAN performs a vital
service to government & its people!

1. Televises Congress/Senate
2. Journalists Roundtable
3. Book notes
4. Brings government to
school children with
the C-SPAN Bus.

This channel alone allows
millions to view govern-
ment in action.

{ never before in history
{ covered gavel to gavel.

It allows viewers like me
to SEE famous news
journalists eager to
expand their role
to the electronic
medium.

* Washington Week in Review PBS-TV is a companion program
where straight intelligent analysis is presented without
either this nation is in trouble surfacing honest FACTS!

It allows people with radical
agendas air time.

It is a very FAIR town
forum for this nation,
and enforces Democracy.

Please feel free to use this
letter to doubters:

- Congress
 - FCC
 - Cable Operators
 - Others.

The New Yorker article

and his views to
bring Gov't to the people
