Sim:

I have enjoyed "Washington Journal" very much until lately. (I may be the only one "out of step"). I do not agree with many of the callers who are so avidly in favor of what appears to be a wild rampage by the Republicans to destroy so much of our country. I liked "Washington Journal" better with several journalists who discussed interesting matters. I like watching the great book reviews and special programs and the House and Senate, however, and your Sunday Journal is often very good. Thank you.
