Dear Brian-

I hope you last former - you are very impartial!
I wonder if you could issue a warning to
callers - "please ask only one question." After
two years of watching, I notice that usually a
second or third question is ignored. I would
ask you as host to write down & pursue the
other questions. Bruce does this very well.

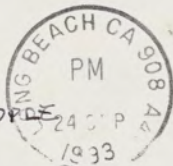

This hit home today when two callers
had their second questions about NAFTA ignored.
One on the super-national trilateralism & the other
on corporate tax breaks. These are important
PLEASE - would you find someone who has ^{questions}
read & understands the exceptions & ~~exceptions~~
sections of NAFTA ?? Lee Iacocca knows
only generalities - as do your reporters. They
chant the same demagoguery.
