Dear Executive Director:

I want to commend you for your recent program on Northern Ireland. Please continue to cover this troubled area.

I just started watching C-Span because of the many favorable comments I had been hearing about it. I regret that I did not hear or read that you were covering Northern Ireland. But others saw the program, and related to me how good a job you did. I know now where you are on Cable-- Channel 43 in the Quincy area. So I have to say that I was not a C-Span viewer, but that I will be from now on.

Important information on Northern Ireland is available through the American Irish Political Education Committee at [REDACTED]. Thanks again.

Sincerely yours,
