November 8, 1992

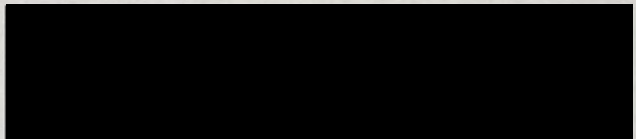

Dear C-SPAN & C-SPAN 2,

This is just a short note to thank you both for all the coverage and programs you broadcast during this election. Your coverage of some of the Congressional meetings; your program, "Road to the White House", the many interviews and phone in programs really helped us to make informed votes on November 3rd.

I hope that now that the new administration is going to be attempting to solve so many extremely important issues, you will be there for us so that we can learn about the proposals in time to make our feelings and opinions known to Legislators and the White House.

Again, thank you and keep up the good work.

Sincerely,

Portales, NM 88130
