Dear Mr. Lamb,

Was disappointed yesterday that Gary Aldrich's book "Unlimited Access" was not on "Booknotes",

Two weeks ago the Booknote schedule at the end of Booknotes showed that it would be on this weekend. I was glad as I thought you would censor the book as the other media did - I had meant to write to you about it, it is still on top 10 list, The "Star" more reliable than an FBI Agent?!? And David Brock, "The American Spectator"?!?

Dick Morris's story broke the next week - Last week's Booknotes blatant in TV Guide & we heard the attack on the South "Mother's Invention", slavery - The book only said 25% owned slaves in the South (Surprised me) - The other 75% have been smeared - branded as guilty

Last night was an attack on talk radio & Catholic, Hate radio,

A little over 4 years ago I began to watch more news than usual, to find how why of one particularly political event, My grandfather owned a small ^{weekly} newspaper & so I was very kind to media

O.DK

In a little over 4 years, I've come to doubt almost everything of media, things changed election '94 & especially after the shutdown, by media Even you-all.

I thank you for full coverage of Conventions, I watched both. I taped C-SPAN 9-11 & watched GOPTV. EXACTLY same, except 2 hosts spoke only a little, for 2 product commercial (not GOP) & Haley Barson had very short interview with a just finished speaker, there were no analysis of speech.

The media as a whole trashed Republicans - well-scripted, made-for-TV, sugar-coated, hypocritical, fraud, etc. Ugly name calling. I'm surprised anyone listened.

During Democratic Conv. Rare mention to well-scripted - but no name calling.

Media ratings dropped drastically last 2-3 years - no wonder viewers leaving.

I've noticed you've been absent last 2 months. Been on about 8 out of 20 usual time slots since "infamous" July 4th week. Freedom of speech shot down - Public Service -

First come First serve - most fairest shot.

down. About Aug 14. Connie Rod received call - man said Clinton is a liar, hypocrite, DRUG RUNNER, (She very upset) - NEXT day all separate lines, CIA began investigating AIRPORT - DRUGS - ARK - 4 out of 5 conservatives shot down - THAT DAY

all the good callers shot down with the bad and helped the Democrats.

Now I assume Aldrich shot down - 2apped too much with Dick Morris - 50 shoot down like 4 out of 5 conservatives

Confederate women & Catholic TALK shows (conservative) Eleanor Clift/husband week before. Protect & PROMOTE Clinton/Gore.

If I'm wrong - Sorry - Thanks

Susan announced 50 more people could call in - misleading, harsh word lie, it was 50 more Democrats can call in.
