

hear C-SPAN - **S-WT** 8/26/95
THANK YOU for covering the UWSA conference in Dallas. What an opportunity & learning experience. It was a once-in-a-lifetime chance to hear so many voices. Your "Washington Journal" is fine - sometimes the reporters & host fixate on one issue (women's conference in China) & miss other news.

Could you have a roundtable on the issues in Canada & one on Mexico. We never see this in elite media.

Using newspapers as your press leads out a LOT of important stories. Can you go to the where services instead - & not give papers so much power. [REDACTED]
