Re: C-SPAN

Dear Sir:

I am in receipt of your recent notice about realigning the channels. I agree with you, it's a pain. But my main complaint is the elimination of C-SPAN. C-SPAN is an important public service, and as I understand it, supported by the cable industry. The logic of dropping a major public service channel for the ones indicated, especially "Pay-Per-View," completely escapes me. I am very disappointed and most unhappy with your decision. Please reconsider: do NOT delete C-SPAN.

Yours truly,

Bye, bye cable

I JUST got a notice from TCI Cablevision informing me that C-Span will be dropped effective Dec. 20.

In it's place they're adding a "pay-per-view" channel.

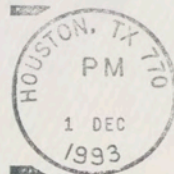

Can you believe this company is deleting the most worthwhile channel they've got?

As soon as I set up an antenna, I'm terminating my TCI service.
