Arney; you really look for
ULTRA conservatives to
try to tear down our president!
He said there were no spending
cuts when this week I heard a
long list of cuts in effect right
now. I have never heard
Arney say one word ⁱⁿ ~~of~~ ^{an} ~~no~~
intelligent effort to improve this
country. Reagan tried to tear
down our economy so as to
cancel the social programs.

My taxes went up
during the R-B
years.

Thank God
