I was watching your wonderful D-Day
program and caught a glimpse of a letter.
It started out with the name De Ford,

I think it may have been from ^{the scrapbook of} the Army nurse
who was on the program. If that is the case,
can you please tell me how I may get in touch
with her or forward this inquiry to her.

[REDACTED]
[REDACTED] and I am just curious if the letter might
have something to do with him.

Please do what you can to help me find out more
about this letter on your program.

Sincerely

[REDACTED]
