Why I Watch C-Span

While Because its holds new things for the mind and the eye to see. Many question and answer are made and answer through these News Media. I have found while watching these that I am truly relieve on world and state events. Further I am caught up to date with many and few things that are yet and still to come. As I watch C-Span I come aware of political and personal advantage of a up and coming world. And in any ~~case~~ case or cause for personal political thoughts or question of whats happen in the world of fast and moving changes. Changes of climate, environment, and social class change. I find it reassuring that C-Span News as or may have this answer. I am only an only a young and concern adult, but something it can cause

a immediate cause for a bases
for change. (a small joke) I hold
these truths to be self evident
that in watching C-Span many
things come and go. Life, Death,
growth, and decline are all the bases
for news and change in a political
news gather society. Religion, Education
government, and Economics Systems
hold a basic and mental habit
for physical status. I watch,
I seek, I want and I conquer.
Are all the many things concerning
the basic foundation of delivering
the news and coming events of
World problems and the solving of
them. A lecture, a political party
gathering on Senate and House of
Representatives, I'd vote without
a censurous undoubt that with a
due concern for State (United States)
and other affair I'd keep myself
in touch with C-Span for my
Republican well being. (joke)

As a begin adult in growing,
up in age and well in mind, I
have to meet and coming to a conclusion
in a graduate and slow move. I literally
try to slowly gather thoughts with
questions and put together like a
puzzle the many, concerning natural
clamation of historical events. Right
Now all to little concern is involved
the some events of communitual home
and local natures. I was brought up
in the 1960's during a year of damage
teable events, Big Blispyards, destructions
of Neighborhoods, Destroyed families, Riots
and Religious fanatics. A down a
foolish attitudes for brotherly and
mutual concern for human or alien
being. I hold a believe the dealing
with new and improve ideals and
a growth or a birth of a new and
improve nation and society will have
an all and basic concern with the
Noble minds of people concerned
with solving these and many difficulty.
I hope that one day the Socrates
of politics get and move onward

in solving the many fertile problem
of unbehaved minds! The many men
a women concern with the wall
manner and internal and external
behavior of human morality, give a
mortal and humane concern for a
New and improve Birth of a Nation,
Adult hood, and human kindness for
beauty. There is a famous quotation
quote and unquote of Mr. Shakespale
himself saying;

This royal throne of kings,
this scepter'd isle, This earth of majesty,
this seat of Mars, This other Eden, demi-
paradise, The fortress built by Nature
for herself Against infection and the
hands of war,

This happy breed of men, this little
world, This precious stone set in the
silver sea, Which serves it in the
office of a wall, Or as a meat
defensive to a horse,

Against the envy of less happier
lands; This blessed plot, this earth
this realm, this England.

This quotation, famous as

it~~x~~ is gives a growing and needed
thought ~~and~~ concerning ^{to} involvement~~s~~ of the
pilgrimages ^{of our country}. Even going further with
Shakespeare he says, "How far that
little candle ~~grows~~ throws his
beams! So shines a good deed in a
naughty world. So shows that there
are people or persons concerned
with the advent need for producing
solution for his or her well being
as natural and normal being. The
Organization its Executive function
Represents a concerted Prestige
of an ever growing toward good and
evil. In Dealing with the Minority
(Indians, Negro, Mexican ^{etc.}) society C-Span
gives each and everyone its chances
to give its lecturers speeches toward
helping their homelands and economic
status to understand their part them
selves into developing and national
nation and country. So in ending.
Why I watch C-Span ~~th~~ let me just
say; Each time I speak let
what I say be of thy word
That those who listen shall be

Be blessed, for having heard.
Of what I do let every move
Be first a prayer,
That in my touch of other hearts
I shall not err.

And when I walk my feet shall
take Thy Chosen Way,
That those who hold my hand
shall not be led astray!

Lead On C-Span Were Out here
Listening!

(That poem is a famous quote by
a Shakespearean, Esther Nilsson)
